

Amendments to the Claims:

This claims listing replaces all prior versions and listings of claims.

Listing of Claims:

1 (currently amended). A blasting device, comprising:

- B2
- a) a blasting medium supply unit;
  - b) a blasting gun; and
  - c) an extension provided on the blasting gun, the extension including a sufficiently clear plastic portion so that a user may view a surface being blasted, in use.

2 (currently amended). A blasting device as in Claim 1, wherein:

- a) the plastic portion of the extension includes a substantially clear pipe.

3 (original). A blasting device as in Claim 2, wherein:

- a) the substantially clear plastic pipe is colorless.

4 (original). A blasting device, comprising:

- a) a blasting medium supply unit; and
- b) the blasting medium supply unit including at least

Serial No. 10/051,807  
Amendment dated December 16, 2003  
Reply to Office Action of September 16, 2003

two(2) blasting medium supply tanks.

5(original). A blasting device as in Claim 4, wherein:

a) a switching valve is provided for switching between the at least two(2) blasting tanks, for alternately supplying blasting medium from each of the two(2) supply tanks.

6(currently amended). A blasting device as in Claim 4, wherein:

a) a recovery hose is provided for recovering blasting medium, in use; and

b) a switching valve is provided for directing recovered blasting medium to alternate ~~one~~ ones of the at least two(2) lasting medium supply cylinders.

B2 7(original). A blasting device as in Claim 6, wherein:

a) A blasting gun is connected to the blasting medium supply unit.

8(original). A blasting device as in Claim 7, wherein:

a) A portion of the blasting gun is sufficiently clear so that a user may view a substrate being blasted, in use.

Serial No. 10/051,807  
Amendment dated December 16, 2003  
Reply to Office Action of September 16, 2003

9(original). A blasting device as in Claim 8, wherein:

a) the portion of the extension includes a substantially clear pipe.

10(currently amended). A blasting device as in Claim 9, wherein:

a) the substantially clear ~~plastic~~ pipe is includes a colorless plastic pipe.

11(previously presented). A blasting device, comprising:

a) a blasting medium supply unit;  
b) the blasting medium supply unit including at least two(2) blasting medium supply tanks;  
 c) a blasting gun fluidly connected to the blasting medium supply unit; and  
d) an extension provided on the blasting gun, the extension including a sufficiently clear portion so that a user may view a surface being blasted, in use.

12(previously presented). A blasting device as in Claim 11, wherein:

a) a switching valve is provided for switching between the at least two(2) blasting tanks, for alternately supplying

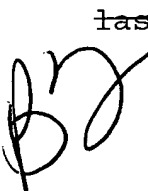

Serial No. 10/051,807  
Amendment dated December 16, 2003  
Reply to Office Action of September 16, 2003

blasting medium from each of the two(2) supply tanks.

13(currently amended).      A blasting device as in Claim 11,  
wherein:

a) a recovery hose is provided for recovering blasting  
medium, in use; and

b) a switching valve is provided for directing  
recovered blasting medium to alternate ones of the at least two(2)  
~~last~~ blasting medium supply cylinders.

 14(previously presented).      A blasting device as in Claim  
11, wherein:

a) the clear portion of the extension includes a  
substantially clear pipe.

15(previously presented).      A blasting device as in Claim  
14, wherein:

a) the substantially clear pipe is colorless.

16(newly presented).      A blasting device as in Claim 14,  
wherein:

a) the clear pipe includes a plastic pipe.

Serial No. 10/051,807  
Amendment dated December 16, 2003  
Reply to Office Action of September 16, 2003

17(newly presented). A blasting device as in Claim 11,  
wherein:  
a) the clear portion includes a plastic.
